

# INSTRUCTIONAL DEVELOPMENT INSTITUTE

Making High-Impact  
Educational Experiences for All

## FEATURING

**DR PETER LEVINE** *Keynote & Workshop*

Dr. Levine, Associate Dean for Research at the Jonathan M. Tisch College of Civic Life at Tufts University, will lead the keynote and lunch workshop. He is a national leader in the civic engagement movement, both as a researcher and practitioner.

This year's theme highlights how we may engage all students in high-impact experiences across the curriculum. Levine's big-picture discussion will connect our efforts facilitating student success to larger questions about the future of our civic life in the United States.
